- Chairmans report

Below is an overview of some of the items that have been dealt with by the PC over the past year.

- Litter picking and collecting dog mess – the Parish Council has employed a person – which is being paid for by Re-cycling credits from the Bottle Banks on the Burial Ground and the Bevans premises in Beach Road. A big thanks to the Bevan family for this contribution.
- Allotments – the PC has had an Agreement drawn up by GYBC Legal Dept – it has now been submitted to Richard Hirst Farmer for him to complete and approve. Once the Agreement has been signed the PC will be calling a meeting of those people who have applied for an Allotment, which is hoped to be sometime in June 2010. The next stage will be getting PP for the Allotments on part of the area known as the Maize Maze.
- Risk Assessments are carried out on the PC assets on a monthly basis
- Safer scheme for the parish – this is highway works in The Street/Yarmouth Road/Waters Lane, Newport Road junction and area around the Parish Office – this work was a scheme put forward and paid for by the Government.
- Pontins – there have been several meetings with the public over the last couple of years and hopefully it will be re-opened as a holiday venue.
- Conservation area – GYBC are now looking into the possibility of having the Newport Cottages covered by a Conservation status.
- Contracts for grasscutting etc have been extended for another year with an inflationary increase of 1%.
- Bus shelter - Yarmouth Road – the replacement has been ordered and should be in place before the end of June 2010.
- The funding for the Parish Council's responsibilities in the parish has increased by £580 for year ending 31 March 2011.
- Code of Conduct training given by GYBC and new PCllrs attended.
- Grants were given to Groups in the parish totalling £550
- Flood sirens – the one in the parish is not sited in the right location to be heard throughout the parish and the cost to move it make it prohibitive.
- Information boards and business advertising boards – the scheme around the Parish Office includes an advertising cabinet the PC is waiting to see if it is suitable before making a decision to replace the damaged one that was on the side of the Parish Office.
- NCC turning off street lights – the PC opposed this idea however it has gone ahead.
